Griya Bandung Asri Barat Blok B2 No 5, Kel. Lengkong, Kec. Bojongsong, Kab. Bandung, Jawa Barat, 40287

I am an active Informatics student at Telkom University, Faculty of Informatics, with a strong passion for technology. I am known as a responsible, communicative, and adaptable individual who enjoys collaborating in a team as well as working independently when needed. My interest in the world of technology grows from a curiosity about how systems work, and how problems can be solved efficiently. I am always eager to learn new skills, and contribute meaningfully to every project or organization I am part of.
